I'm shooting this quick testimonial video for [Paul Lynch and his dot-com business franchise](#) - now what I can tell you is what's happened to me. I've been online for over five years and I've been in opportunities, but I've never seen anything like this. Within ten days of joining the opportunity and before my site was even configured for me to use I've sold five franchises that's 25 K in sales and I've been paid out literally within days! Now that's never happened before in anything that I've done online so this is truly truly a phenomenal opportunity that you're looking at! Join us to get even better results!

**[What is PRO Sales?](#)** PRO is our [low ticket front-end offer \(\\$97\)](#) which has been really really consistent and that's what I was looking for in a business - I needed something that the long term and will be sustainable. So during his first 90 days Paul made \$9500 dollars in sales. But the best part is He didn't have to upsell anything - **the coaches did that for me behind the scenes.**
