You've probably seen buzz word of 2018: "Video". In fact, we like to call it the video band wagon, where nearly every product released seems to include the word "video" in it... ..even if it's totally unrelated! Most popular video player are incredibly feature rich, tech savvy works of art. In fact, we admire how good there features are. So whats the problem? These video players are built by GREAT technical people... BUT in most cases, many are poor marketers. It's NOT the amazing features that makes a video sell... its the

ENGAGEMENT. And guess what? Doodle videos are proven to be the biggest converting, cash sucking conversions tools online Average Video Players may sell 2000 - 3000 copies.... So if you need to create video for your blog or letter simply [register and download EasyScatchPRO](#) Free Video Creation Software and Video Editor Now.
