The screenshot shows a web interface for an "Email Formatter". At the top left, the title "Email Formatter" is displayed. Below it, there is a "Column Width" label and a text input field containing the number "50". To the right of the input field is a small icon of three vertical dots. Below the "Column Width" section is the "Email content" label and a large text area containing the following text: "And you can use them for UNLIMITED EMAILS / PROJECTS - now ~~that's~~ amazing. But the thing is - the ~~earlybird~~ discount is active for just ONE HOUR And if you miss that, you will end up paying a lot more. So hurry up now and get your hands on THESE 10 Amazing EMAIL TOOLS The ~~earlybird~~ offer is active and the price goes up in just one hour. Cheers NAME". At the bottom left of the interface is a green "Submit" button.

## Features

### **Email Toolkit App #1- Email Subject Line / Headline Generator**

This 1-Click App can generate over 300 subjectlines or email headlines for you in just 1-click, simply type your main keyword and press one button. It's that simple.

### **Email Toolkit App #2- 1-Click Email Formatter App**

This 1-Click App formats your emails correctly to be read fast and correctly, without having formatting issues on mobile (since over 70% emails are opened on mobile these days)

### **Email Toolkit App #3- Spammy Subject Checker App**

If your email subjectline is spammy, it can end up in the spam box (instead of the inbox). This app helps you AVOID THAT and helps get better inboxing for all your emails.

### **Email Toolkit App #4- Email Address Extractor Software**

If you ever had a blurb of text or data that had a bunch of emails in it & you wanted to separate or extract them, you will never have to do it manually. This 1-Click software extracts emails from any kind of text content for you & lets you download it in TXT or CSV.

#### **Email Toolkit App #5- Spam Words Checker Software**

This software instantly highlights spam words in your email content so you can replace it with better words and increase your email inboxing many fold.

#### **Email Toolkit App #6- Email Countdown Software**

Adding urgency and scarcity to your emails is guaranteed to give you more clicks and more sales. That's exactly what this software does by adding an ACTIVE, Ticking countdown timer right inside the emails you send out & helps you make more money.

#### **Email Toolkit App #7- Email Magic - Personalization Software**

Personalisation has proven to give 3X more opens, clicks and sales. This software takes it one step further and adds PERSONALIZED IMAGES inside your emails (very powerful) that have the subscriber's NAME added to the image with a call to action.

#### **Email Toolkit App #8- 1-Click Email List Cleaner Software**

A clean email list gets more opens, clicks and better delivery (and stronger reputation) so use this 1-Click software to find bad emails, remove them and keep your lists clean. Simply copy paste your list of emails and press one button, in a few minutes you can download the GOOD emails and ignore the bad ones 😊

#### **Email Toolkit App #9- Gmail & iPhone + iPad Preview Software**

Knowing exactly how readers will see your email & being able to optimize it for MORE OPENS and clicks is very important. This software helps you preview how your email will look in the Gmail inbox and also for iPhone & iPad view. Very cool tool.

#### **Email Toolkit App #10- Email Emoji Software - Get More Opens!**

Adding EMOJI to your email subjects has proven to get 56% more opens. This software helps you do exactly that and works with Aweber, Getresponse and even Gmail to help add EMOJI to your subject lines. Pick from over 200 emojis.
