

Read my [OPESTA Review](#) if you want to know how you can create your own facebook messenger chat bot and make more sales in your business using your Facebook pages and [OPESTA chat-bot automation program](#).

IS YOUR EMAIL MARKETING NOT WORKING AS WELL AS IT ONCE DID? Why you need Facebook ChatBot? This is why!

Guys, Email marketing is slowly dying - you can have a 3500 subscribers list , but when you send the letter to it - you may see like only 20 people opened your list and only 5 clicks the link ! But when you send a message to your Facebook friends - the open rate is 90%!!!!

The Facebook Messenger gets 80% to 90% open rates!

That is not a typo.

And

How To Create Facebook Messenger Bot: OPESTA Review (messenger automation)

Why OPESTA?

Opesta is currently the only Messenger Automation Platform or Chat-bot software in the world.

Opesta instantly increases open rates, click throughs and conversions by providing EVERYTHING you need to generate leads, market, and sell using the Facebook Messenger! This is the future of online marketing.

INTERACTION IS YOUR MAIN GOAL

We will use OPESTA CHAT-BOTS to create automation campaigns. But what about your campaign goals? Your goal with any kind of campaign that you send should always be interaction - you want people to engage with you, because the more that they engage with you, the more information Facebook is willing to give us about that person and the more tailored and better your campaigns will be.

Sending Broadcast Messages to all subscribers

Next kind of feature that we have in OPESTA is our broadcast tab - inside the broadcast tab you are able to send one off broadcast to certain segments of your list your entire list of subscribers.

Create Campaigns in OPESTA

Campaigns help you generate subscribers and automate messages. This is where you will build your opt-in triggers, write your messages, and adjust sign up and delivery settings.

The lifeblood of OPESTA is actually OPESTA Campaigns and campaigns are what allow you to set up specific triggers based off of certain actions to allow you to get subscribers. They allow you to send a series of messages to people and then change what messages they see, based off of their actions.

Everything in OPESTA really revolves around the campaign so that will probably be the first place that you want ahead and learn a little bit more about.

So when you get to OPESTA Campaigns page you will be able to follow a tutorial where you will be explained the basics of setting up a campaign and they will show you how those are set up. So this is a brief OPESTA overview - click this button below to create your account now
