

**Are you having trouble with your site's SEO?**

**Do you know what is a bounce rate?**

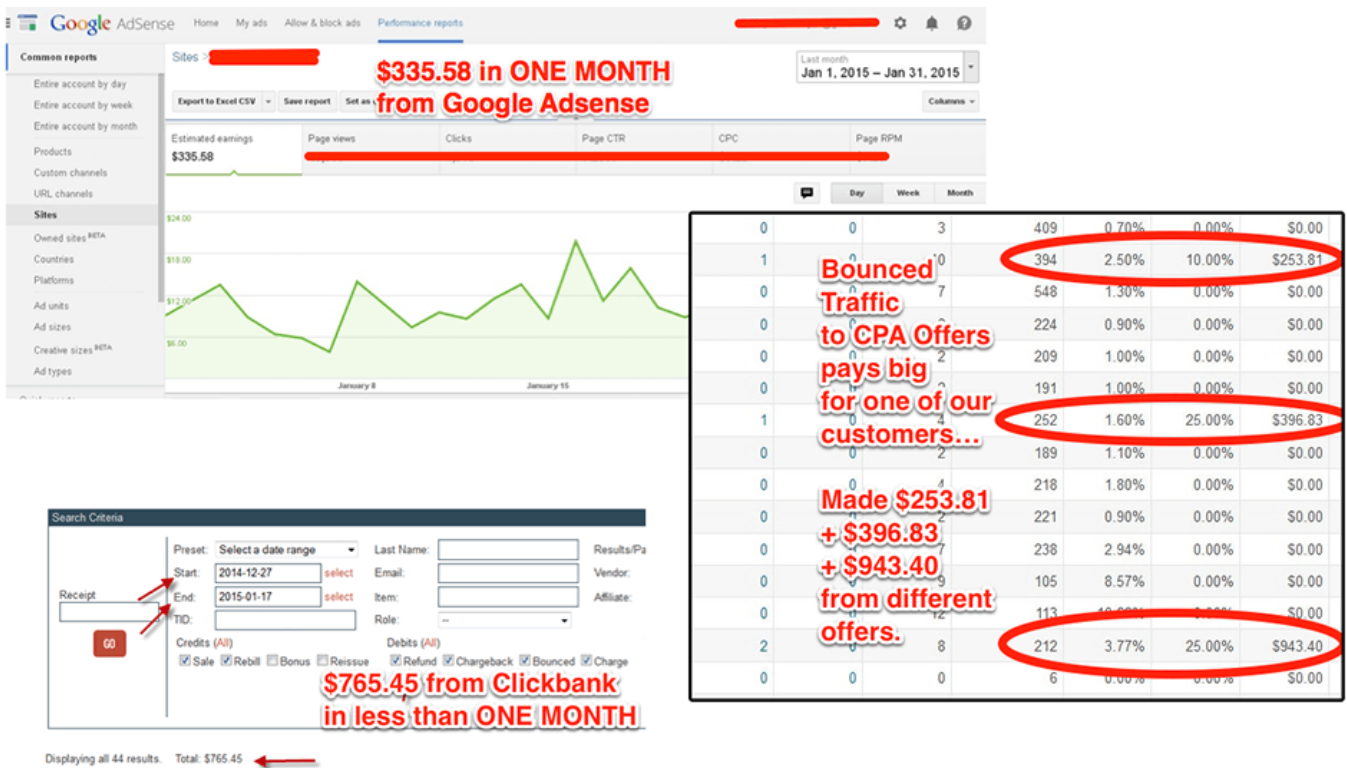

I know how super hard it is to get your visitors stuck in your website. Most of the marketers lose almost 40-60% of their visitors after visiting their websites. These people are just visiting a single page of their site and then go back to where they came from by clicking the back button.

If you are losing visitors just like this, you are definitely losing money as well. So, today what I'm about to show you will change everything.

## **[Introducing WP Zero Bounce 2.0!](#)**

This is the perfect software that helps you prevent losing visitors. It will force your visitors to go to another page of your site or redirect them to anywhere you want. Awesome, right?

## Features

### 1. Make More Sales with Affiliate Marketing

Affiliate marketing is easy when you let others do the selling for you. With ZERO BOUNCE you can automatically redirect people to places like Amazon.com using your affiliate link for easy sales!

### 2. [Make Money](#) with AdSense for Search

AdSense for Search (AFS) is a program where you put a custom search engine on your site and get paid when a person clicks on a result. Use ZERO BOUNCE to redirect "lost" traffic here and get paid every time they use the AFS search engine!

### 3. Get a Major SEO Boost

Thanks to Google's latest updates bounce rate is now a MAJOR factor when it comes to ranking websites. By virtually eliminating your bounce rate ZERO BOUNCE gives you a HUGE boost to your ranking power so you can get more laser-targeted, buyer-ready organic traffic!

#### **4. Build an Ultra Profitable List**

People ignoring the opt-in form on your site? Redirect them to a squeeze page for more conversions and signups!

#### **5. Get Increased Sales**

Instead of allowing 50% to 70% of your hard earned traffic leave without spending a dime, redirect them to coupons, discounts, and other offers to ensure that you're making as many sales as possible!

#### **6. Get Lower CPC with Adwords**

If your landing page has a low Quality Score (and it will if you have a high bounce rate) expect to pay an arm and a leg for clicks on your ad. With ZERO BOUNCE your virtually nonexistent bounce rate will help you get lower CPCs for your ads! Money saved is money earned!

#### **7. Improve Conversions with Site Networking**

Have multiple sites in the same niche? Use ZERO BOUNCE to link them all together. Or redirect "lost" traffic to a page that lists all of your sites so that visitors remain in your network. Sky-rocket your conversions with ease!

#### **8. Get Quality Feedback and Fully Optimize Your Site**

Getting feedback for your site can be tough. People who had issues with it are probably long gone. With ZERO BOUNCE you can redirect those who click off your site to a survey allowing you to collect relevant data so that you can improve your site for maximum conversions!

#### **9. Get Creative**

With ZERO BOUNCE the possibilities are endless! Get creative and redirect your "lost" traffic wherever you want.
